## Visitor Information

Welcome! It's great to have you come along to our meeting. Please complete the tear-off on the bottom of this page and hand it to a committee member before you leave so we can register your visit.

We are a family social club first and a car club second. Cars are simply our common interest. You will hopefully have picked up an Exhaust Notes Magazine or the Exhaust Notes Lite, newspaper, when you came in. Each is a bi-monthly publication. On the inside cover of the magazine is all the club details and people to contact.

Our Club has available conditional registration of vehicles 30 years or older, using the Historic Vehicle Scheme, or Classic Vehicle Scheme. The difference being the extent of modification from original and excludes non road registerable vehicles. Our Club Registrar, John Amato is on hand for any questions. 0401973964.

Our club meets on the 1st Wednesday of every month at Sporties, at 7pm. If you wish to join our club, we have a requirement that you attend 2 meetings and 2 outings before being considered for membership. This gives us a change for our members to get to know you and you us. Membership fee for 2026 is \$50/p or a family (2p).

You may wish to complete a separate membership application immediately or on your subsequent visit. At which time we will ask you to give the members a brief intro as to who you are, your interests, vehicles, etc.

We normally have 3-4 events/month, as per our calendar in the magazine or on the cover of the "Lite" newspaper. You are welcome to join us immediately as a visitor and subsequently as a member on any of these outings. On occasions an event could cover a few days away to some distant place of interest. We look forward to having and enjoying your company on any or all of our events, some of which are club sponsored. We do not insist that you bring your historic vehicle on all outings but we would like to see you in it from time-to-time.

On acceptance of your paid membership, you will be issued a Membership Card, required for historic vehicle registration.

Various regalia, badges, car banners, display boards, etc are available at cost (see inside cover of magazine).

**Please complete and return this tear off section...**
